Lansing Extends Open Arms to Rebel Force As One of Belligerents Fighting Common Foe—Central Powers

Whole Hun Line Doomed; Fall of Queant Disaster

(By Associated Press)

LONDON, Sept. 3.—The sensational breaking of the famous Droocourt-Queant switch line after a series of important allied advances with great captures of men and material has made an immense impression here. The expectation is general that the enemy will make the most desperate efforts to recover the position, since the blow is regarded as one of the worst disasters inflicted upon the Germans during the whole war.

The belief is general that the switch line is the main system of German defense and that there is nothing equally strong behind it. Consequently, its loss, if it becomes final, opens the widest possibilities.

"Its loss would involve the evacuation of the French coal field, perhaps even of the Flanders coast," says the Mail, "and would imperil the German hold on Douai, Valenciennes and Cambrai, which are essential to Hindenburg for maneuvering his armies. The switch line is thus the pivot of the whole German front and its breach means that we have forced the enemy to a struggle of man against man which he had used all of his ingenuity to avoid."

The text of the British official communique, on developments on that front reads:

"On Saturday, the enemy positions at North Obozerskaya, 75 miles south of Archangel, were attacked and taken by a turning movement, taking thousands of Russian soldiers, who are pushing toward the town."

PEKING, Sept. 3.—Belshewski troops have again been defeated by the allies advancing in Siberia. General Semenov today announced the capture of Obozerskaya from the Bolsheviks by a turning movement, taking prisoners and four machine guns.

PRIVATE HOMES SEARCHED FOLLOWING ASSASSINATION

COPENHAGEN, Sept. 3.—A reign of terror prevails throughout Russia, according to an Exchange Telegraph despatch from Petrograd. The Bolsheviks are invading and searching private homes, following the slaying in his residence of Commissioner Uritskii, and the attempt to assassinate Lenin.

LENIN WAS SHOT WITH POISON BULLETS, REPORT

COPENHAGEN, Sept. 3.—Nikolai Lenin, head of the provisional government of Russia, was shot with poisoned bullets, according to the Heisingfors correspondent of the Hamburger Fremdenblatt.

Attending physicians fear that pyrexia (a form of blood poisoning, attended by abscesses and chills and fever) may develop.

Four Thousand in Draft Dodge Net

NEW YORK, Sept. 3.—In a great round up of draft evaders throughout the metropolitan district today government agents at noon had gathered in nearly 4,000 young men.

NEW ALLIED VICTORY IN THRUST AT PETROGRAD

Entente Forces Operating in Archangel Territory Reach Point 75 Miles South and Continue Their Advance

REIGN OF TERROR IN RUSSIA IS REPORTED

Thousands of Officers Slain by Anti-Bolsheviks, Assert Copenhagen Advisers; Soviet Searches All Residences

LONDON, Sept. 3, 1:30 p. m.—The allied forces operating in the direction of Petrograd from Archangel have reached a point 75 miles south of the latter city, it was announced today.

The text of the British official communique, on developments on that front reads:

"On Saturday, the enemy positions at North Obozerskaya, 75 miles south of Archangel, were attacked and taken by a turning movement, taking thousands of Russian soldiers, who are pushing toward the town."

PEKING, Sept. 3.—Belshewski troops have again been defeated by the allies advancing in Siberia.

AMERICANS BEAT BACK ATTACKS OF SCARED FOE

Germans Receive a Drubbing On West Vesle Front at Night and Send Up Flares Which Light Fighting Zone

ENEMY COMMANDER SOUNDS "S.O.S." FOR AID

U. S. Artillery Lays Down Fire That Inflicts Heavy Casualties; Machine Guns Also Thin Ranks of Boche

LONDON, Sept. 3.—More than 250,000 Americans were transported to France during August, it was learned this afternoon.

WASHINGTON, Sept. 3.—North of the Alsine American troops continue their advance in the face of vigorous resistance, General Pershing reported to the war department under date of September 2.

The village of Terny-Sorny has been taken, together with nearly 600 prisoners, two large guns and 78 machine guns.

By HENRY G. WALES, International News Service Staff Correspondent.

WITH THE AMERICANS ON THE AISNE—VESSELS BATTLEFRONT

Sept. 3.—Two German attacks were delivered on the Vesle front last night, but both were beaten off. The fighting centered in the region of Devil wood and the nearby chateau.

The Germans are nervous on this front, and all night long kept sending up flares incessantly. These lighted up the whole fighting zone. Long-range American guns are keeping the Alsine river bridges under fire.

With the French and Americans threatening to smash through the German lines north of the Alsine, the German commandant at Vouzailles has sent an urgent demand for reinforcements of Prussian Guards.

Eight German regiments of infantry and two of artillery were reported in the first batch of 200 prisoners captured east of Terny-Sorny. These included eight officers and 52 non-coms.

By WEBB MILLER, United Press Staff Correspondent.

WITH THE AMERICAN ARMIES IN FRANCE, Sept. 3.—Strong German raiding attacks between Baucourt and Plesmes near Chateau-Du-Fable, were repulsed by the Americans early today.

Shortly after midnight, the enemy put down a heavy barrage and in the clear starry night sent their tanks and machine guns over the top. Opening up with machine guns and rifles, the Americans quickly broke up the attack before it reached our lines. Then, while the Germans were skulking back to their own lines, the American artillery laid down a barrage in their midst, inflicting heavy casualties.

ADVANCING RANKS OF ENEMY THINNED

Within half an hour the enemy re-formed his columns and re-attacked at the same place. American snipers and machine gunners thinned out the advancing ranks so rapidly that the unwounded Germans fled.

Every night American patrols scout No Man's Land, hunting out German posts, engaging in lively skirmishes and keeping constant contact with the enemy along the whole Vesle front. One American airplane brought down a German observation balloon in flames in this region.

Meanwhile the American artillery is shelling enemy rear areas with effect. One shell dropped on a German dump, blowing it a quantity of ammunition.

Hun Flyer Chases 2 U. S. Ambulances

PARIS, Sept. 3.—Stanley R. Rodgers of Stony Brook, N. Y., and John Rawnce of Bloomfield, N. J., American ambulance drivers, report that they were chased for nearly a mile by a German aviator, in spite of the large Red Cross markings on their ambulances.

The Hun flyer dropped two bombs, one of which fell twenty feet in front of one ambulance. Then he sprayed the other ambulance with machine gun fire.

SALIENT HELD BY ENEMY SINCE FIRST ADVANCE OF WAR FINALLY IS REDUCED

(By Associated Press)

LONDON, Sept. 3.—The British have captured the city of Lens. The town of Queant also has been taken. Lens was evacuated by the Germans, the British moving in. In their passage beyond the Droocourt-Queant line the British have advanced to a point just to the west of Buissy, two-and-one-half miles northeast of Queant, and occupied Pronville, a mile and a half southeast of Queant.

The British also hold Doignies, Velu and Berlincourt and Rocquigny, representing an advance to a maximum depth of four miles on a twenty-mile front effected this morning.

In Flanders the British forces have captured the town of Wullverghem, two miles southeast of Kemmel.

VESSEL DODGES HUN DIVER OFF HALIFAX COAST

WASHINGTON, Sept. 3.—The steamer Westhaven, gunned by a submarine about 400 miles off Halifax, Aug. 31, escaped according to a navy department radiogram today.

NEW BEDFORD, Mass., Sept. 3.—When the Nantucket shoal lightship put in here last night for repairs, Captain Studley and members of the crew told of watching a submarine which they believed to be a German boat, near the lightship last Sunday morning.

They said that the submarine came close to the lightship and that, believing the vessel was about to be sunk, they made all preparations for abandoning it.

The submarine, however, did not halt the lightship, and soon drew off until it reached a point about three miles to the northeast, where it lay on the surface for half an hour. When it submerged and nothing more was seen of it.

A BRITISH PORT, Sept. 3, 6 p. m.—The American steamship Onega has been torpedoed. The vessel was foundered Friday night. Twenty-nine persons were saved. Twenty-six are missing.

Many bodies have been washed ashore. The captain of the Onega was drowned. His body has been landed.

The Onega was 3335 tons gross and was built at Belfast in 1880. She was owned by Barber & Co. of New York. The vessel was 400 feet long, 33 feet beam and 21 feet deep. The Onega was formerly the S. V. Luckenbach and before that she was known under the names of Brooklyn, MacPherson, Odbam and British Queen.

PARIS, Sept. 3.—(Havas Agency)—The French steamship Pampa, of 4471 tons, was sunk by a torpedo on the night of August 26-27 while on a voyage from Bizerta to Saloniki. Four Serbian soldiers out of the 333 persons on board are missing.

Hindenburg Is Reported a Suicide

LONDON, Sept. 3.—Field Marshal Hindenburg of the German army has committed suicide, according to a Central News despatch from Berlin this afternoon. The report is not confirmed from any other source.

Amsterdam has been a veritable rumor factory since the war began and the report that Hindenburg has committed suicide should be taken with reserve until confirmed from other sources.

Spokane Newspaper Plant Is Destroyed

SPOKANE, Wash., Sept. 3.—Fire practically destroyed the office of the Spokane Press today. Starting in the basement, it damaged the press and burned through to the business and editorial departments above. The offices were laid in ruins. The composing room was badly damaged by fire and water.

CAMBRAI IS DOOMED BY ADVANCES OF BRITISH

Great German Base Soon to Be Under Fire of the Great Allied Artillery As Forces of Haig Drive On Ahead

LA BASSEE'S FALL IS EXPECTED SOON

Richebourg-St. Vaast, Hamblain and Other Towns Are Taken in Advance of One Mile About Armentieres

BY UNITED PRESS. LEASED WIRE TO TRIBUNE.

LONDON, Sept. 3, 5:35 p. m.—The present German retreat to positions behind the Canal Du Nord and continuing northward will place Cambrai under long-range fire and will make Douai practically useless to the enemy, it was learned authoritatively this afternoon.

In Flanders information indicates that La Bassee will probably fall soon.

The enemy has practically no fresh divisions available for fighting. Though some of the German crown prince's divisions probably will have partially recovered soon from the mauling they received during the Marne fight.

A further advance by the British in Flanders was registered today when it was learned authoritatively that Richebourg-St. Vaast, two miles west of Neuve Chapelle, had been occupied. This is an advance of about one mile at the southern extremity of the Armentieres front.

The British have also occupied Hamblain at the northern end of the Droocourt-Queant front. It is six miles east of Arras, just south of the Scarpe river.

WITH THE BRITISH ARMIES IN FRANCE, Sept. 3 (afternoon).—The break in the Hindenburg line above Queant now exceeds seven miles, extending beyond Ealing to the north.

Near Queant it is reported that the British are moving their guns eastward.

The next line of German resistance will probably be behind the Canal Du Nord, before which the enemy has laid out a network of wires, although there are few trenches. A significant of the weakened German defense is the shattered condition of some of the enemy units, who were compelled to continue fighting. One prisoner from the second guards reserves and this whole division had been reduced to 1000 men. His own battalion, he said, had been reduced to one officer and thirty-five men.

By JOHN DE GANDT, United Press Staff Correspondent.

PARIS, Sept. 3, 4 p. m.—The French are biting into the western edge of the Chemin Des Dames, having reached Laffaux Mill (six and a half miles northeast of Soissons). The Germans are energetically defending their positions toward Laon. The German rear guard counter-attacked five times north of the Alsine without success.

REVOLUTION IN BULGARIA SAY BERNE REPORTS

LONDON, Sept. 3.—Revolution has broken out in Bulgaria, according to reports today from Bern. Reports of the revolt have not been confirmed from any source.

Part of the royal palace at Sofia was blown up by the revolutionaries, it is reported. Wholesale desertions are occurring in the Bulgarian army.

King Ferdinand of Bulgaria recently left Sofia under mysterious circumstances. At the time it was reported on reliable authority that the king's absence was due to the growing strength of the anti-German party. Afterward the king was said to be at a German health resort suffering from a nervous breakdown.

HOUSE TO REST AFTER REVENUE BILL IS PASSED

WASHINGTON, Sept. 3.—Senate and House leaders today reached an agreement to allow the House to recess immediately after passing the new revenue bill, which is expected to take about ten days.

Under the plan outlined the House would leave September 16 and 17 and stay for at least thirty days, and perhaps until after the elections. The plan still has to get the approval of the President.

August Breaks All War Cost Records

WASHINGTON, Sept. 3.—Government war expenditures in August broke all monthly records by more than \$100,000,000, amounting to \$1,714,000,000 on reports up to today. Later reports may raise this by \$50,000,000.

Ordinary war expenses amounted to \$1,463,000,000, or \$200,000,000 more than last month's high record. This did not include outlays of last Saturday, yet to be tabulated. Loans to allies were reported as \$244,000,000 for the month, not including Saturday.

FURTHER WITHDRAWAL PLANNED BY ENEMY

The Germans, it seems to be expected, will offer determined resistance along this line, as they now are doing it from the front. They are withdrawing the line of the Canal Du Nord, where the Germans have erected wire. Their trenches here, however, have only been half dug, it is rumored.

On the northern half of the Droocourt-Queant battle front there were some 2000 prisoners in the cages last night. Thousands more had been taken to the hospitals wounded, while probably more than 2000 additional captures have been made on the southern half of the front.

In one place along the line of battle four comparatively fresh German divisions and the remnants of four other divisions were fighting against three British divisions. An officer from one of these enemy divisions, which was the second guard reserve, said that his division had been in the fighting for more than a week and that its effectiveness would number less than a thousand men. In his battalion only himself and twenty-four men survived, he declared, adding that the German losses had been heavier than any they had previously suffered.

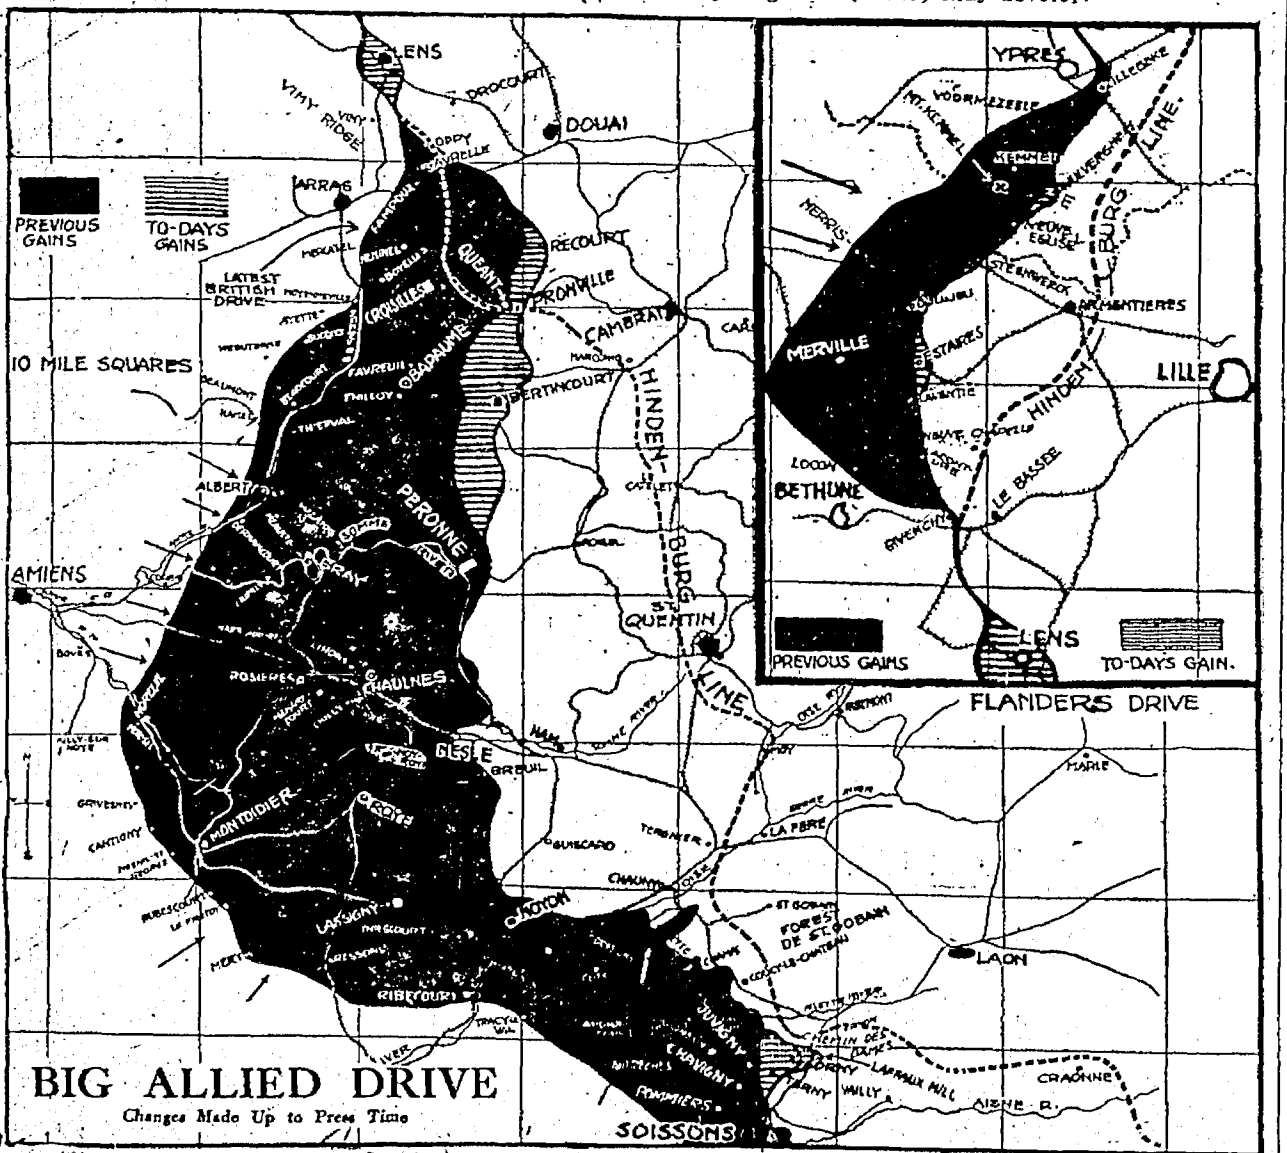

Play by play, practically simultaneously with its occurrence, will be reported to the sporting desk of The TRIBUNE. In addition, the games will be watched by half a score

of the nation's foremost baseball experts and told by them in telegraphed articles of keen interest for local fans.

The complete story of each game as thus reported will be on the streets in The TRIBUNE's extras a few moments after the last out is made. Because of its perfect news service equipment The TRIBUNE will be able to tell the story of these games not only BEST but FIRST.

WATCH FOR THE TRIBUNE WORLD SERIES EXTRAS!

THE WORLD SERIES NEWS FIRST

SUPERVISORS VOTE MONEY FOR HOSPITAL

With the allowance of \$300,000 for the beginning of the new county hospital voted today by the board of supervisors, the long continued fight for the institution was terminated. County architect H. H. Meyers will be authorized at once to go ahead with the plans and begin active construction.

The tentative budget for the new institution was cut \$50,000 by the board for the reason that it was admitted that no allowance would be necessary at this time for employees' maintenance and supplies. It is estimated that the new building will be ready by July 1, next year.

Chairman D. J. Murphy opposed the appropriation, voting against it. He said: "I am opposed to the hospital appropriation at this time, not because I am a reactionary, but because I consider that we are going against the expressed will of the people. The hospital is a luxury at the last bond election and I do not believe that they want it now, or that we are justified in adding 10 cents to the tax rate to secure it."

"In the first instance the institution commission reported against it, and the revenue report is in favor of it, without their chairman being present. Construction at this time will cost from two to two and a half times as much as normal times and under the circumstances I do not believe we should build it."

"CALLS VOTE VICTORY." Supervisor J. F. Mullins declared the vote to be a signal victory for the men and women who have urged this action for years.

"The new hospital will be located where the people reside and there will be no need for a long trip. We needed the hospital before this great war and that need will be immeasurably increased. We will now be able to do the greatest good for the greatest number of people who returned wounded men who sacrificed their health for the universal cause. That is reason enough."

"The people will save money by this decision, even though the cost of building is more than doubled," said Supervisor Fred Foss. "In normal times the cost per bed is about \$2200. A 250-bed hospital would ordinarily cost half a million dollars. We will get that many beds for \$350,000. There is efficiency and economy. And they will be just as good beds as any hospital provides."

Supervisor Hamilton, in moving appropriation, said that he did so in the interest of his district as well as the general population. "I represent a district where the industrial activity is tremendously increasing," he explained, "and that district will demand greatly increased hospital facilities. We need to provide for that need, and to provide a building close at hand instead of fifteen miles out in the country. We are realizing here the greatest good for the least cost, and we are proposing to build along the lines of the United States Government."

"HEYER IN SUPPORT." Supervisor Charles W. Hoyer seconded the motion and declared that it is the most progressive action the supervisors have taken, and that he believed it would not meet with any objection from the people. He called attention to the fact that no one has been before the board opposing it, while representatives from every organization dealing with social conditions have asked for it.

"The new hospital will be built on the cottage plan. The survey of the site will be comprehensive and take into account years of growth. Eventually, it is planned, the entire grounds will be occupied by one of the most modern hospitals possessed by any city."

"It was pointed out during the discussion that while the hospital bonds were defeated at the bond election last year, more than two-thirds of all votes cast on the subject were for the million-dollar bond issue. Because the bonds did not solve two-thirds of all the votes cast on other propositions at the same time, the hospital bonds lost on a technicality."

Technical High to Feed Soldiers Only Commencing tomorrow students at the Technical High School who have been accustomed to buying their lunches at the school cafeteria will have to make other arrangements, as the board of Education has turned over the equipment to the army corps in training at the school.

The domestic science rooms where the meals are prepared and the cafeteria will be entirely devoted to furnishing meals for the soldiers.

SHIP WORKERS TO GET NEWS TRIBUNE PUTTING UP BULLETINS

"Direct Service" is the cry of today, with war efficiency the paramount demand of the nation. TRIBUNE service is direct service. Big bulletin boards will arise tomorrow in the local shipyards, and by direct wire, all the important world news, as fast as it reaches The TRIBUNE office over the Associated Press, United Press and International News Service. The TRIBUNE three great news wires, will be flashed to these boards.

The shipyard worker wants to know the happenings of the day. The government wants him to. But he has little time to read newspapers.

So The TRIBUNE service solved the difficulty.

Tomorrow the men will want to know about the world series. They will find it on The TRIBUNE bulletin boards in their own shipyards.

They will want to know about the war. It will be on the boards. Every news happening will be there, just as it comes over the wire. The men in the shipyards will be posted, up to the minute, on the world's happenings.

They won't have to stop work to know what's going on. They will have the news brought to them all the time by The TRIBUNE service—thus helping to help the shipbuilders and thus help the government.

That's Direct Service. And it's TRIBUNE service.

BUDGET IS ADOPTED BY SUPERVISORS

BULLETIN. At a late hour this afternoon it looked as if the county tax rate would be \$2.15 as against \$1.71 last year.

After a prolonged discussion of school and hospital finances, the Board of Supervisors today completed the budget for the next fiscal year. The new rate will be definitely determined late today, when the auditor's staff gets through with the figures. The board adopted a policy of generosity, giving the people all the money they asked for.

The only exception was in the county general school rate. Superintendent George W. Frick wanted a 30-cent rate, arguing that the schools demand it and that they will suffer if it is denied. The board had allowed every district the maximum special rate asked for, and that to add to that a general rate of 30 cents would create a surplus of some \$75,000, which would be idle.

The county elementary rate was fixed at 27 cents, an increase over last year, and the county high school rate at 19 cents, an increase of 1 cent.

It was declared by members of the board that in no instance has any representative of any organization or association been before them asking for a low rate, while the county they have been besieged with people from every locality and every sort of association urging the necessity for more money to enable institutions of government to hold their own.

Today the Alameda County Educational Association was present telling the board that unless the county and the country takes precaution, the education of the youth will suffer by reason of the war. It was pointed out that teachers are able to earn greatly increased income in war work and in industry and that unless the school authorities are authorized to meet the conditions the schools will not be provided with teachers.

One speaker said that in England during the first year of war 500,000 children were forced out of schools by the conscription of the fathers. It was pointed out that the British government is now spending 30 per cent more money on education than ever before.

The total Oakland school rate will be, as estimated, 73 cents, as against 50 cents last year. In addition to this there will be a general rate of 27 cents. The district special rates are as follows: Albany, 30-15-10; Castro Valley, 12; Centerville, 12; Decoto, 12; Eden Vale, 12; Emeryville, 17; Hayward, 30-13-10; Livermore, 25-5; May School District, 15; Midway, 50; Mission School District, 15; Mountain House, 18; Mowry's Landing, 5; Murray, 10; Newark, 18; Niles, 23; Palmdale, 20; Piedmont, 30-15-5; Pleasanton, 11-5-7; Redwood, 20-10; Russell, 14; San Leandro, 30; San Lorenzo, 12; Sheridan, 2; Stony Brook, 8; Summit, 15; Sunol Glen, 12; Warm Springs, 6; Berkeley Grammar, 30-5; Alameda Grammar, 30-3-7.

(Note—Where three rates are quoted the first is for regular maintenance, the second for building, improvements and the like, and the third for kindergarten.)

The tax rate for the payment of interest and sinking fund on account of the \$200,000 currency bond outstanding will account for 3 1/2 cents in the new budget.

Outstanding bonds and rates:

District	Bonds	Rate
Berkeley	\$450,000	10
Fruitvale	50,000	10
Laurel (Hayward)	12,000	13
Lockwood	10,500	7
Melrose	15,000	10
Oakland	820,000	10
Ocean View (Albany)	12,000	7
Piedmont	50,000	10
Piedmont (new)	42,000	10
Pleasanton	11,000	8
San Lorenzo	2,000	5
San Leandro	42,000	9

More Money Asked for Counting Votes Additional remuneration for counting the water district election ballots at the recent election was asked of the city comptroller by Eric M. Hoyt of 3733 Thirty-ninth avenue, who served as an election officer. The county paid 10, but the city paid no wage for the water election. The matter was referred to Commissioner Edwards.

CELESTIAL WITH VACUUM HIDES DENTIST'S GOLD

A vacuum cleaner, manned by an expert Chinese janitor, caused enough woe about the Hotel St. Mark today to fill a book the size of "The Sorrows of Satan."

Dr. T. H. Mohney, a guest at the hotel, had ordered \$500 worth of dental gold—and had it delivered at the hotel.

He opened the box, saw that the little pellets of dull gold foil were all O. K., and left it on his table.

Came Geo Gam with the vacuum sweeper, and the pellets were gone.

Came Dr. Mohney. He upset the box. Over the floor scattered the gold foil pellets. The doctor, he declared, had been rolling his cigarette gold in pellets to pass the time.

"What?" went the vacuum sweeper, and the pellets were gone.

Came Dr. Mohney. He upset the box. Over the floor scattered the gold foil pellets. The doctor, he declared, had been rolling his cigarette gold in pellets to pass the time.

U. S. AIRMEN RAID RAILWAY, ENEMY WORKS

By NEWTON O. PARKE, International News Service Staff Correspondent.

WITH THE AMERICAN ARMY IN FRANCE, Sept. 2, 9 p. m.—American airmen raided Longuyon and Audon in Roman today, dropping two tons of bombs on the railways and German military works.

(Longuyon and Audon in Roman are in Eastern France, the former being an important railway junction. Longuyon is 33 miles northwest of the German fortress of Metz; Audon in Roman is only 21 miles northwest of Metz.)

The weather was clear today, resulting in a renewal of the air activities along the Lorraine front by both sides.

Several German planes flew along our lines dropping pamphlets entitled "America in Europe." These contained chiefly of attacks against the British. Doughty boys eagerly grabbed copies to send home as souvenirs.

I saw photographs today taken during a recent raid on Conflans which direct hits were obtained on the railway roundhouse and other spots in railway yards. The damage was plainly visible.

The artillery was active on both sides in the Vosges mountains today.

Several German planes flew along our lines dropping pamphlets entitled "America in Europe." These contained chiefly of attacks against the British. Doughty boys eagerly grabbed copies to send home as souvenirs.

Several German planes flew along our lines dropping pamphlets entitled "America in Europe." These contained chiefly of attacks against the British. Doughty boys eagerly grabbed copies to send home as souvenirs.

PROHIBITION FORCES HOLD RATIFICATION

SAN JOSE, Sept. 3.—Success of the prohibition forces at the recent primaries and in persuading the supervisors to close roadhouses and bars in the county, was celebrated at a "ratification" meeting at the high school last night, which was attended by enthusiastic drys from all parts of the county.

Representative men from districts covering the county, discussed the recent election, local politics, state politics, national prohibition, prohibition as a war measure and with teachers.

Sanuel C. Zerkowits presided. Addresses were made by S. T. Patterson, Saratoga; Prof. R. L. Green, Stanford University; Rev. W. H. Lloyd Campbell; Rev. N. M. Parsons, Gilroy; Rev. H. H. Buckner, Morgan Hill; Mrs. F. J. Rogers, president of the San Jose, W. C. T. U.; Dr. P. M. Coleman, Cupertino; Rev. Father Whyte, Sunnyvale; R. U. Kitchner, Santa Clara; and a plenary committee of the ratification committee, and successful legislative candidates in the primaries—T. M. Wright, Grant Bennett and H. C. Jones.

"UNCLE JOSIE" In addition there was a recitation by P. H. Weld of Evergreen, the "Uncle Josie" of Santa Clara county, and a number of patriotic selections by Ben King's orchestra, some numbers by a quartet consisting of Amos Williams and Messrs. Towner, Pettigrew and Thompson and a solo by Amos Williams, the successful candidate for coroner.

The three legislative candidates—T. M. Wright, Grant Bennett and Herbert C. Jones—were elected on a "ratification" platform and the meeting last evening was primarily a justification over success for the "dry" cause.

The speakers looked upon the election in general as bettering conditions throughout California, and it was asserted that the result was a step forward.

Sanitary Conditions Always Our Object We extend an invitation to the public to inspect our creamery and be convinced that we have the cleanest and most sanitary creamery in Alameda County.

Remember—we make daily deliveries of milk and cream to all parts of the city. Our motto, "Sanitation and Cleanliness."

We are true to our name AMERICAN. We are a 100% institution

ELABORATE FIREWORKS DISPLAY.—Beautiful set pieces, shooting stars, clusters, etc. An hour and a half display every night.

BAND CONCERTS, DANCING, MOVING PICTURES, VAUDEVILLE, CARNIVAL ATTRACTIONS, ETC., DAY AND NIGHT.

The U. S. Treasury

has called upon us to purchase Certificates of Indebtedness in anticipation of the Fourth Liberty Loan September 28th. This bank, believing it to be its patriotic duty to respond to this call, has taken its limit of every issue.

To the people of this community, who have responded so loyally in purchasing past issues of Liberty Bonds and who expect to take bonds of the Fourth Loan, and to those who may desire a short-time investment of the highest character, we recommend the purchase of these Certificates, which are acceptable in payment of Liberty Bonds and bear the same exemption from taxation.

This series is open for subscription from September 3rd to 10th; bears interest at 4 1/2% and matures January 2, 1919.

HE MAY NOT BE UNX, FEAR DEMOCRATS

That the next move in the Democratic battle is up to the Supreme Court is the general opinion of party leaders. Whether the action will be brought by the Democratic state central committee or the Republican state central committee is uncertain. Francis J. Heney, who was badly defeated by Tolpin, is putting forth strenuous efforts to have his name appear on the ballot, notwithstanding his poor run. Conservative Democrats who still have hopes of party success, recognize the weakness of Heney, his small vote being one of the surprises of the election. They believe that if Heney induced her husband to reverse his opinion expressed immediately following the election, which was to the effect that he was out of the running.

Among many of the leading attorneys the general belief is expressed that the law will be declared unconstitutional by the Supreme Court, in which case the name of Tolpin will automatically go upon the ballot and the Democratic nomination. The principles laid down by former Justice Henshaw, who wrote the opinion of the Supreme Court in the *Livernash* case, are declared to be most pertinent in the present controversy. The provision of the act invoking the secret of state in refusing to permit *Livernash* to be the candidate of the Democratic party was declared unconstitutional by the court.

Discussion continues concerning the candidacy of Franklin K. Lane. Should Tolpin and Heney withdraw their names there would be a vacancy which, it is held in some quarters, the governing body of the party in the state would fill. It is known that Franklin K. Lane would not be adverse to returning to California. Life in Washington has never been to his liking. There have also been rumors that things have not been as pleasant as they might be in the official family, friction existing between Lane and certain other members of the cabinet. While it is true that in an interview Lane declared "I am not a candidate," which is probably true, he has also said, "I have always been willing to consider anything that is seriously presented."

In the meantime Mayor Rolph is silent. Most of the talking is being done by Heney and his immediate friends.

New Governor of Formosa Is Named

TOKYO, Sept. 3.—Lieutenant-General Baron Teiji Ando, governor-general of Formosa, has resigned and Lieutenant-General Mitsumasa Kume, commander of the sixth division stationed at Kumamoto, Kyushu, has been appointed as his successor.

In connection with the appointment there was keen rivalry between the Japanese army and navy, the sea forces claiming the post for an admiral, but the army won the position.

After Many Remedies —Internal Baths

Mr. Joseph Rosenbaum writes Dr. Chas. A. Tyrrell of New York as follows:

"For many years I was a sufferer from rheumatism, neuralgia and constipation. I purchased your 'I. B. L. C. S.' capsules. Have been using it ten or twelve years and find it the best medicine I have ever used. It has cured me of all the above ailments and has given me a new and excellent health. Nature's most effective way, by internal bathing with the 'I. B. L. C. S.' capsules, and in an easy, non-habit forming manner, has cured the intestines as sweet and clean as health. Over half a million people, bright healthy Americans testify to its results."

It is the invention of Dr. Chas. A. Tyrrell, M. D., of New York, a specialist on internal medicine, and is now being sold and explained by The Drug Co. They will be glad to give you free on request a booklet by Dr. Tyrrell, "Why Man of Today Is Only 50 per cent Efficient," which is most interesting and contains facts about yourself that you have never before realized.—Advertisement.

He Won't Drop Dead Any More

"My husband suffered terribly from stomach and liver trouble, which caused such blood poisoning as to seriously affect his heart. Doctors warned him that he might drop dead at any time from this trouble. A friend in Cleveland advised him to take May's Wonderful Remedy, and since taking it, 4 months ago, he is feeling like a young man again. All his friends are surprised at his appearance. He is now in a harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes the stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Order from Drug Stores and druggists everywhere.—Advertisement."

ECZEMA IS ONLY SKIN DEEP

No internal cause. It is caused by the application of CRANOLINE, the great external remedy, on the Eczema microbe has been destroyed. Prove this statement by ordering a sample. Write for free test treatment. Address: E. C. GARDNER, 1000 Broadway, New York, N. Y.

"Steps Like a Plow Boy"
"I suffered for 20 years with Eczema in its worst form. After using CRANOLINE I am now as well as a new man. I have lost all my itching and burning. I have gained my health and my life. (Written two years after using CRANOLINE)."

GUTHRIE-PHOTO

MISS COULA LAKAL

Newest Country to Be Recognized by U. S. Has Representative in Race.

Miss Coula Lakal, 543 Nineteenth street, is one of the newest candidates for the honor of presiding over the court of democracy, the big pageant of the Pacific Coast Land and Industrial exposition.

Miss Lakal is a beautiful young Grecian girl and the distinction for her country in this big allied court will surely meet with favor among her many friends in Grecian circles.

Czech-Slavonia—a country threatened with oblivion—but now being stoutly recognized by its patriots, has a candidate in the person of pretty little Louise Tomasovich, 507 Jefferson street, Slavonia, everywhere working for the little candidate whose popularity, charm and quickitude should prove formidable in the race for the honor of being the central figure of the exposition for the period of 28 days.

A complete list of the votes and candidates is published below. Be sure and get your vote in for the contest manager, 502 Perry building, may keep his list up to date.

These votes were received up to noon Monday. The next vote standing will appear in Thursday's newspapers.

S. F. COMMERCE MEN WILL VISIT

Appreciative of Oakland's tremendous industrial progress, especially in war work, the members of the San Francisco Commercial Club to the number of several hundred, will pay an official visit to the Eastbay manufacturing plants on Wednesday, September 18. They will make a tour of the industrial section of Oakland in automobiles, starting from Hotel Oakland at 10 o'clock. The tour will include the cotton mills of East Oakland, the largest in the West, airplane motor works and other teaming centers of war-time industry will be inspected on the trip.

A dinner will be served at Hotel Oakland at the close of the ride. Following the dinner, the San Francisco visitors will be guests at the Land Show, the manager of which has set aside the evening as San Francisco Commercial Club night. The Oakland Chamber of Commerce is co-operating to give Oakland visitors a special opportunity to take full advantage of the San Francisco Eastbay tour.

In calling upon all its members to make the war-time visit to Oakland and the San Francisco Commercial Club has issued a notice that "in years past we have inspected industrial plants in San Francisco, now we visit the Eastbay to see for ourselves the industries of which they are so justly proud. It will be a pleasure for you to observe the progress of our Eastbay neighbors. Opportunity is given about us, and in these war times it is your patriotic duty to know of the industrial development across the bay."

Andrade Is Santa Clara's First Loss

Joe Andrade was the first man from Santa Clara to be killed in action. When word of his death was sent by the war department to his parents, Mr. and Mrs. M. P. Andrade, the flags on the public buildings were placed at half-mast. Andrade was killed in action September 1, 1917, and sent to Camp Lewis for training. Later he was transferred to Camp Greene. Two months ago he was ordered to France. His skill as a sharp-shooter made him invaluable to Uncle Sam.

Andrade was 26 years of age. He was employed in Santa Clara, where he was the general manager. On August 6, the last day of the big battle in which he participated, he received the wound which proved fatal.

Larry Harris Will Tell Work at Front

"Larry" Harris, California wit and noted raconteur of the Bohemian Club, will be the speaker at the Chamber of Commerce luncheon of the Hotel Oakland. Harris has just returned from the front and will tell adventures in the war zone. He was honored at the recent Bohemian Grove Jinks, when a tree was dedicated in his name by the clubmen. Harris is famous for his poem on the Exposition, "The D—est Finest Ruins," written when the wreckers had taken down the building. He went to the War Zone as a Red Cross worker.

'Development' Topic for Manufacturers

Important business will be taken up Thursday night by the Manufacturers' Bureau of the Chamber of Commerce, which will meet to discuss a number of new plans for co-operation.

Several development plans will also be announced.

ALLIED FORCE IS PRESSING ON TO LAON

PARIS, Sept. 3.—Coney-le-Chateau is being outflanked by the Franco-Americans south of Allette from Crecy-Au-Mont, simultaneously with the French having registered an advance of a mile and a quarter beyond the Canal du Nord in the region of Nesle. German prisoners declare preparations are being made for a general withdrawal to St. Quentin.

Franco-American troops are progressing along the road toward Laon. Further north they are filtering into German positions between woods near Coney-le-Chateau and the lower end of Coney forest.

North and east of this area the French have gained new ground in the direction of Gulescard, having carried their lines more than a mile across the Canal du Nord. In the region of Ham the roads behind the enemy lines are reported obstructed by transport and troops moving northward.

Prisoners taken by the French in this region assert that a retirement toward St. Quentin has already been organized. The changing of the roads indicates that it may have already begun.

Artillery duels raged all night along the Somme front and between the Oise and Aisne rivers, the French war office announced today. German raiding parties tried to approach the allied lines on the Vesle river and in the Vosges mountains, but were thrown back, obtaining no results. (Americans are fighting on the Vesle and in the Vosges.)

The communications for the French during the course of the night there were artillery actions on the Somme front and between the Oise and Aisne rivers.

"Attempted German raids on the Vesle and in the Vosges were without result."

FRENCH ARMY HEADQUARTERS, Sept. 3 (Reuters).—General Nungesser's advance today between the Aisne and the Vesle rivers, the most important so far. His army has reached Bethancourt, and also has advanced a mile to the south of Leuilly. About six miles north of Soissons, the line now passes through the plateau of Bethancourt to the north of Crouy on the Soissons-Mauberge road. The center of the plateau is cleared of the enemy.

LOYALTY NOTE IN NEVADA VOTE

RENO, Sept. 3.—A contest for the Republican senatorial nomination, in which an issue was made of the loyalty of Congressman E. E. Roberts, is a feature of the primary election in Nevada today. Walter C. Lamb, Republican, attacked Roberts' war record because of his vote on the McElmore resolution and other war measures.

Roberts conducted no campaign. Senator Chas. B. Hendon is unopposed for the Democratic nomination. James D. Finch and Chas. R. Evans seek the Democratic Congressional nomination and S. S. Downie the Republican nomination.

For Governor there are four Democratic and two Republican candidates, Governor Emmet D. Boyle, Democrat, seeks re-election and is opposed by George B. Tatcher, attorney-general; Sam Plekett and Ben D. Luce, former Governor Tasker L. Oddie and Wm. M. Kearney seek the Republican nomination. Prohibition and anti-prohibition organizations have full legislative tickets in a majority of the counties.

Three Men Held by Police On Suspicion

With the arrest last night at the Sixteenth street station of three men, Arthur Bergman, Charles Fisher and Elias Gotschick, the police believe they have in custody a trio wanted in other cities and whose photos, it is declared, are in the police records. The men are being held for further investigation.

They were arrested during a mix-up started by Frank Paldi of 120 Alameda street, who accused them of picking his pocket of a purse containing \$100 while they were riding into the station on a train. During the mix-up one of the strangers is said to have slipped a purse back into Paldi's pocket. By that time the police arrived and made the arrests.

NEW AIRPLANE ENGINE IS LIKE SPIRAL DRIVER

They're going to make an airplane engine out of the spiral screwdriver—one of those contraptions that turns the screw around when you shove on the handle. That is—they're going to use the idea.

Plans are being drawn for a factory to be built by local men to construct a new gasoline engine, which, instead of having a crank and flywheel, will have a spiral-threaded or grooved piston rod connecting direct to the flywheel, which will be concentric with the cylinder. The spiral piston running back and forth will keep the flywheel moving just as the spiral keeps the screw turning in the screwdriver.

If R. Reynolds, a Portland capitalist, is the inventor of the new engine, the advantage of which, he

GERMANS ADMIT INFANTRY ROUT

BERLIN, via London, Sept. 3.—"South and east of Arras the British have succeeded, with strong superior forces, in throwing back our infantry line on both sides of the Arras-Cambrai high road," says the official statement issued today by the German army headquarters. "North-west of Quent and on the northern fringe of Noreuil," the statement says, "we held the enemy thrust."

says, is its few parts and its continuous propelling power. The company, founded by Reynolds, has a number of local directors. The site for the factory is now being negotiated for.

Boys Caused Chew Jim's Death Three Held for Attacking Chinese

Mystery surrounding the death of Chew Jim, a Chinese fruit peddler, who was found lying with a fracture skull on Fourth street, between Jackson and Madison streets, August 23, was cleared up today with the arrest by deputy sheriffs of three boys who confessed that they attacked the Chinese. They gave the names of Ronald Myers, Robert Cokerly and Frank McGuerkin. McGuerkin was arrested in Oakland and Myers and Cokerly in Tracy.

Chew Jim was taken to the Receiving Hospital and then to the Providence Hospital, where he died next day following an operation. His wounds showed that he had been struck by a blunt instrument.

In their confession the three boys said they were standing at the corner of Third and Madison streets about 5:30 in the evening when a Chinese drove past in his vegetable wagon. They ran into

the street with the intention of robbing him. When he shouted for help they threw stones, one of which struck Chew, causing him to fall from his wagon. Fearing they would get into trouble the three youthful assailants boarded a newspaper of Chew's death. Frank McGuerkin left his companions and returned to Oakland last Thursday, where he was arrested by Deputy Sheriff Joseph Sonnes and Ben Brown. The other two continued on their way toward Chico, where they expected to obtain employment. They were captured, however, by Brown and Soares when they reached Tracy, and were brought back to Oakland. All three are now in the County Jail.

Sheriff Barnett on August 25 received a communication from the Consul General of China at San Francisco a request for the help of the Sheriff's office

DRAFTEES MUST GET NAMES IN

WASHINGTON, Sept. 3.—The obligation rests upon every man required to register under the new man-power law who expects to be absent from the jurisdiction of his local draft board on registration day, and upon him alone, to see that his registration card, properly made out, is in the hands of his board on or before registration day.

This was made plain by Provost Marshal General Crowder in a statement issued today.

In running down those responsible for the death of Chew Jim.

Whether the blow from the rock or the fall from his wagon caused the death of the Chinese, has not been determined.

OAKLAND STORE

OAKLAND'S STORE THAT UNDERSELLS

GREAT CAMPAIGN PLANNED

For the month of September we enter the great battle against high prices fully equipped and ready down to the last pin. Many months ago the goods we are now offering were contracted for in connection with one of the most powerful buying organizations on the coast. That means buying in enormous quantities, thereby securing lowest prices and best terms. This forethought enables us to offer you now goods at prices that most merchants have to pay. Our location means low cost of operation. We are willing to sell on small margin of profit. Consider these well-known facts and you will readily understand why we CAN and DO sell good, clean, staple merchandise cheaper than any other store in Oakland.

MORE GOOD THAN EVERYTHING ELSE

That Is What Tanlac Accomplished in Mrs. Little's Case.

The fact of testimonials in behalf of the merits of Tanlac grows daily as new tests of its powers are made. Mrs. Catherine A. Little, who resides at the Glendon Hotel, 934 West Seventh Street, Los Angeles, in relating her experience with the medicine, said: "I have suffered from stomach trouble and a general rundown condition for ten years, and had almost lost heart because I could get nothing to help me. I would blot up so badly with gas after eating that I could hardly breathe and my heart acted so strangely that I became uneasy, fearing I had heart trouble. I was often afraid to eat anything, and I knew so well what I would suffer afterwards. My nerves were so shattered that I could hardly sleep at night. The least noise would upset me and I would get up in the mornings all tired out. I hardly knew what a well of health I had until I began to use Tanlac. I had almost lost heart, but I had not lost hope. I had gotten here results from Tanlac that I could not have believed. I had a marked difference in my feelings. I soon found I could eat most anything without it hurting me. I had no more gas, and I had more pleasure out of eating than I have in years. I don't suffer from indigestion and shortness of breath like I did, and it is perfectly wonderful the way my nerves have improved. I am now a healthy, happy, and contented woman. I have gained some in weight already. I also have a daughter who is taking Tanlac and we are so pleased with our improvement that we are glad to tell everybody about it. The food people eat does them absolutely no good unless they digest it. When you suffer from indigestion or other forms of stomach trouble, the food does you harm instead of good, because food which has not digested stays in the stomach and ferments, causing pain, swelling, gas on the stomach, shortness of breath, bad taste in the mouth, dizziness and many other disagreeable symptoms. If this condition is permitted to run on, it will result in indefinite periods of the entire system becoming saturated with poisons and various complications are apt to result. Mrs. Little's trouble was relieved by Tanlac simply because it toned up her food properly. In fact, there is no portion of the body that is not benefited by the helpful action of Tanlac, which begins its work by stimulating the digestive system. Next, it enables the weak-worn-out system to digest its food, permitting the nourishing products to be converted into blood, bone and muscle. Tanlac is sold in San Francisco and Oakland by The Owl Drug Stores—Advertisement.

Use Coconut Oil For Washing Hair

If you want to keep your hair in good condition, be careful what you wash it with. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Just plain unsifted coconut oil (which is pure and entirely greaseless), is much better than the most expensive soap or anything else you can use for shampooing, as this can't possibly injure the hair. Simply moisten your hair with water and rub it in. One or two teaspoonfuls will make an abundance of rich, creamy lather, and cleanse the hair and scalp thoroughly. The lather rinses out easily, and removes every particle of dust, dirt, dandruff and excessive oil. The hair shines quickly, evenly, and it leaves it fine and silky, bright, fluffy and easy to manage. You can get unsifted coconut oil at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months.—Advertisement.

Tax Measure to Affect All Surtax Increase Is Outlined

WASHINGTON, Sept. 3.—The new revenue bill, with a levy affecting every individual and business concern in the country, was approved unanimously yesterday by the House ways and means committee. Chairman Kitchin will introduce it in the House tomorrow and ask for consideration on Friday. Leaders hope to send it to the Senate within ten days after debate begins.

The final committee estimate of the revenue to be yielded under the new bill is \$3,217,720,000, as against \$2,541,623,000 last year, under the present law. The largest source of estimated revenue is from taxes on excess profits, including war profits—\$3,100,000,000—and the next is from taxes on incomes—\$1,482,186,000 from individuals and \$233,000,000 from corporations.

The increase in the taxes on the specified incomes of married persons without dependents is shown by the following table:

Incomes, existing law.	Proposed law.

The exemptions under the new bill are the same as under the old, \$1,000 for single persons and \$2,000 for married persons with dependents. An additional allowance for each dependent child under 18 years of age. An exemption of \$200 for each dependent incapable of self-support because of mental or physical disability also is allowed.

The estimated yield from sources other than incomes and excess and war profits includes: Freight, \$75,000,000; express, \$20,000,000; passenger fares, \$50,000,000; seats and berths, \$5,000,000; oil by pipe lines, \$4,500,000.

Telegraph and telephone messages, \$16,000,000; insurance, \$12,000,000; admissions (theaters, circuses, etc.), \$10,000,000; club dues, \$9,000,000.

Excise taxes: Automobiles, etc., \$123,760,000; jewelry, sporting goods, etc., \$80,000,000; other taxes on luxuries at 10 per cent, \$85,760,000; other taxes on luxuries (apparel, etc., above certain prescribed prices) at 20 per cent, \$181,095,000; Gasoline, \$40,000,000; yachts and pleasure boats, \$1,000,000.

Beverages (liquors and soft drinks), \$1,137,600,000; stamp taxes, \$32,000,000; tobacco, cigars, \$1,384,000; cigarettes, \$185,240,000; tobacco, \$104,000,000; snuff, \$30,100,000; papers and tubes, \$1,500,000.

SPECIAL TAXES. Capital taxes: \$70,000,000; brokers, \$1,765,000; theaters, etc., \$2,143,000; mail orders sales, \$5,000,000; bowling alleys, billiard and pool tables, \$2,200,000; slotting galleries, \$400,000; riding academies, \$50,000; business license tax, \$10,000,000; manufacturers of tobacco, \$5,000,000; manufacturers of cigars, \$350,000; manufacturers of cigarettes, \$240,000; use of automobiles and motorcycles, \$72,250,000.

The report which will be made public tomorrow by Chairman Kitchin, explained the provisions of the bill in detail. It said the committee determined what proportion of the cost of the war this year should be financed by taxation and by bonds, but from previous experience, there was no analogy in history, but upon thorough consideration of the effect on the morale of the people, upon price inflation, upon production and upon relative ability of the people to pay taxes now and after the war.

McADOO IDEA ACCEPTED. The committee explained that it had decided upon the raising of \$8,000,000,000 by taxation because it had accepted as a sound fiscal policy the recommendation of Secretary McAdoo that one-third of the government's estimated expenditures of \$24,000,000,000 this year be obtained from this source and the remaining two-thirds by bonds.

While the committee, the recommendation for the current year, it realizes that no fixed policy as to future taxes to be levied for the time, and that the amount that would be raised by taxation in any given year must necessarily be determined after the rate of inflation, given business and financial conditions existing in such year. The committee further adopted the policy that the rate of taxation will be \$8,000,000,000 should be levied from taxes on incomes, excess and war profits and luxuries and semi-luxuries. The committee has endeavored to distribute equitably the new tax burden and to levy the taxes in such a way that the burden should be met by those most able to pay. It has endeavored to correct all inequalities in the operation of existing internal revenue laws, and so far as deemed practicable will be in one act and therefore more readily accessible to the taxpayers.

The report said the bill levied on all citizens or residents of the United States a normal tax of 12 per cent upon the amount of income in excess of exemptions except taxable amount for the first \$1,000 of income. The rate of tax will be 6 per cent. The measure also increases the surtaxes all along the line.

NEW ADVANCES. The advances by grades compared with the percentage under existing laws are:

Incomes of \$5,000 to \$7,500, increased from 1 to 2 per cent; \$7,500 to \$10,000, from 2 to 3 per cent; \$10,000 to \$12,500, from 3 to 4 per cent; \$12,500 to \$15,000, from 4 to 5 per cent; \$15,000 to \$20,000, from 5 to 6 per cent; \$20,000 to \$25,000, from 6 to 7 per cent; \$25,000 to \$30,000, from 7 to 8 per cent; \$30,000 to \$40,000, from 8 to 10 per cent; \$40,000 to \$50,000, from 10 to 12 per cent; \$50,000 to \$60,000, from 12 to 15 per cent; \$60,000 to \$70,000, from 15 to 18 per cent; \$70,000 to \$80,000, from 18 to 20 per cent; \$80,000 to \$100,000, from 20 to 25 per cent; \$100,000 to \$125,000, from 25 to 30 per cent; \$125,000 to \$150,000, from 30 to 35 per cent; \$150,000 to \$200,000, from 35 to 40 per cent; \$200,000 to \$250,000, from 40 to 45 per cent; \$250,000 to \$300,000, from 45 to 50 per cent; \$300,000 to \$400,000, from 50 to 55 per cent; \$400,000 to \$500,000, from 55 to 60 per cent; \$500,000 to \$750,000, from 60 to 65 per cent; \$750,000 to \$1,000,000, from 65 to 70 per cent; \$1,000,000 and over, from 70 to 75 per cent.

The rate continues to increase, but on incomes over \$500,000 the increase is only from 63 per cent under the present bill to 65 per cent.

While under existing law only persons of lawful age have to make returns, the new bill requires persons under lawful age and having a net income for taxable year of \$1,000 or over, if single, or if married and not living with husband or wife, to make returns. The bill levies a corporation tax of 12 per cent upon the amount of the net income in excess of the credits allowed, but provides that the rate shall be 12 per cent upon so much of this amount as does not exceed the dividends paid during the taxable year plus the amount paid during the taxable year out of the earnings or profits in discharge of bonds and interest-bearing obligations outstanding prior to the beginning of that year.

This provision was under fire in committee today, but without

Kitchin, explained the provisions of the bill in detail. It said the committee determined what proportion of the cost of the war this year should be financed by taxation and by bonds, but from previous experience, there was no analogy in history, but upon thorough consideration of the effect on the morale of the people, upon price inflation, upon production and upon relative ability of the people to pay taxes now and after the war.

The rate of tax will be 6 per cent. The measure also increases the surtaxes all along the line.

NEW ADVANCES. The advances by grades compared with the percentage under existing laws are:

Incomes of \$5,000 to \$7,500, increased from 1 to 2 per cent; \$7,500 to \$10,000, from 2 to 3 per cent; \$10,000 to \$12,500, from 3 to 4 per cent; \$12,500 to \$15,000, from 4 to 5 per cent; \$15,000 to \$20,000, from 5 to 6 per cent; \$20,000 to \$25,000, from 6 to 7 per cent; \$25,000 to \$30,000, from 7 to 8 per cent; \$30,000 to \$40,000, from 8 to 10 per cent; \$40,000 to \$50,000, from 10 to 12 per cent; \$50,000 to \$60,000, from 12 to 15 per cent; \$60,000 to \$70,000, from 15 to 18 per cent; \$70,000 to \$80,000, from 18 to 20 per cent; \$80,000 to \$100,000, from 20 to 25 per cent; \$100,000 to \$125,000, from 25 to 30 per cent; \$125,000 to \$150,000, from 30 to 35 per cent; \$150,000 to \$200,000, from 35 to 40 per cent; \$200,000 to \$250,000, from 40 to 45 per cent; \$250,000 to \$300,000, from 45 to 50 per cent; \$300,000 to \$400,000, from 50 to 55 per cent; \$400,000 to \$500,000, from 55 to 60 per cent; \$500,000 to \$750,000, from 60 to 65 per cent; \$750,000 to \$1,000,000, from 65 to 70 per cent; \$1,000,000 and over, from 70 to 75 per cent.

The rate continues to increase, but on incomes over \$500,000 the increase is only from 63 per cent under the present bill to 65 per cent.

While under existing law only persons of lawful age have to make returns, the new bill requires persons under lawful age and having a net income for taxable year of \$1,000 or over, if single, or if married and not living with husband or wife, to make returns. The bill levies a corporation tax of 12 per cent upon the amount of the net income in excess of the credits allowed, but provides that the rate shall be 12 per cent upon so much of this amount as does not exceed the dividends paid during the taxable year plus the amount paid during the taxable year out of the earnings or profits in discharge of bonds and interest-bearing obligations outstanding prior to the beginning of that year.

This provision was under fire in committee today

(By HOWARD R. GARIS)

(By HOWARD K. GARIS
"Where are you going, Wiggle?" asked Nurse Jane Fuzzy Wuzzy, the muskrat lady nurse of Uncle Wiggly's kitchen. The big, good-looking, one-eyed day, as he started up from his seashore hollow stump bungalow. "I'm just for a walk down to the ocean beach," he said. "Well, don't fall in," advised Miss Fuzzy Wuzzy, who was in the kitchen to bake some seaweed tarts. "To get to the beach," promised the bunny. "To get to the beach," promised Uncle Wiggly had to go through a little hole in the wall. "Well, he was in this shabby spot he suddenly, suddenly said: "Well, there's no use. I'll never get to the top, and I might as well stop to get up higher." "Ha! That sounds like some one trying to climb a tall tree," said the gentleman to himself. "I sincerely hope the fellow is not a nutcase. I suspect he has been so long in the nutcase that it is not the nose-pinching, but the nutcase itself. I can hardly be, because he can easily scramble up anywhere. I'll take a look."

"The bunny rabbit gentleman peered through the vine and he saw a vine, with dark red flowers, and what like morning glories. The vine was thick and the tree was covered with it. "Was that you calling?" the bunny for he knew the language of flowers. "It was," answered the blossoms. "We are flowers - the trumpet vine, and we want to climb up to the top of the tree so that we can see the sun. But alas we can not!" "Be not sad," asked Uncle Wiggily. "Here are some of our friends, the green branches in the way," answered the blossoms. "The trumpet vine, and Uncle Wiggily, look at this!" said the blossoms. "The green branches like a trumpet, or a megaphone, when the firemen call so loudly through them. We want more water to put out the blaze. "We never shall get to the top of the tree," said the blossoms. "We are sorry." "Oh, yes you will!" said kind Uncle Wiggily. "I'll help you."

with his strong teeth gnawed down the long, slender pole in the woods. And, with this pole he poked to one side the tree branches that were in the way of the trumpet flowers. So they could grow up to the top, look afar off and see the sun.

"Oh, thank you, so much!" said the trumpet flowers, speaking quite loudly to the man who had poked the horn.

"Pray don't mention it," said Uncle Wiggly.

"You may pick one of our flowers to wear in your buttonhole and look stylish," said the vine. "Take it to me, Nurse Jane."

"I will," said Uncle Wiggly. "Then

"I will," said Uncle Wiggly. "Then

he picked a large trumpet flower
and went on to the beach. When he
reached the shore he saw Sammie
and Susie Little, and
Johnnie and Billie Bushytail, the squir-
rels; Lulu, Alice and Jimmie Wibbles-
ome, the cats; and Jack and
Pesto Bow Wow, the puppy dog boys.
All in the ocean bathing.
"Come in, the water's fine!" cried
Sammie, waving her bathing cap at Uncle
Wiggly.
"I'll have to go get my swimming
suit on," said the bunny, and just then
Pesto Bow Wow began to bark, and he
cried out:
"Oh, Uncle Wiggly! Come quick!
Johnnie Bushytail is swimming away!"

"Come back, Johnnie! Come back!" cried Uncle Wiggily.

"Come back, Johnnie! Come back!" and the turtle began to beat his trumpled flower above the noise of the waves, and swam back, safe, before the shark had time to bite him. So you see, the turtle was good for something, as he said, sending to girls, and if the sea had not fly over the church at Newport.

PLAN FOR CITY WATER HALTS IN BERKELEY

BERKELEY, Sept. 3.—Plans of the Berkeley City Council to condemn the distributing system of the Eastbay Water Company and operate under municipal control were halted this morning by the opposition of Councilman George P. Baxter, who refused to sanction a report submitted by Associate Counsel B. D. Marx Greene, engaged to initiate a preliminary injunction to take over the water system before the following recommendations made by Greene that the council go on record in enacting its intention to initiate bond proceedings to acquire the water company's property and to seek a valuation of the distributing system from the railroad commission.

"This is too vital a matter for us to rush into headlong after but five minutes' deliberation," declared Baxter.

On Baxter's motion action on Greene's report was delayed until Friday. In submitting his report Greene declared to the council that he believed it to be a bond election within sixty days after a valuation set upon the water company's property by the railroad commission, could be annulled by the council as if the findings of the state body were not satisfactory. Councilman C. M. Boynton moved for an immediate acceptance of the report, but withdrew his motion at Baxter's objection.

TWO RESOLUTIONS

As the first steps toward acquiring municipal control of the water system, the following two resolutions must be adopted by the council according to Greene's report:

- (1) That it is the intention of the city to initiate bond proceedings to acquire the public utility property.
- (2) Authorizing and directing the filing of a petition to the California Railroad Commission, requesting it to fix and determine the compensation to be paid to the Eastbay Water Company.

Other provisions of Greene's report are as follows:

"Within sixty days after the commission shall have certified its findings as to value of the water supply to the city council to initiate bond proceedings to acquire the property, unless the utility shall have obtained a writ of review from the Supreme Court; if such writ of review is obtained the time within which to initiate bond proceedings is extended to not more than sixty days after a final decision of the Supreme Court.

"If the voters at the bond election vote in favor of acquiring the property then the city must commence condemnation proceedings in the Superior Court within sixty days after election, unless the utility files written stipulation agreeing to accept the compensation fixed by the railroad commission.

"If NOT ACCEPTABLE.

"If the public utility does not accept the commission's award by filing in written stipulation, then in the action of condemnation in the Superior Court, the compensation fixed by the commission for the property of the utility shall be deemed final and conclusive between the parties and the court, if it finds the city has the power to condemn the property, must enter a decree of condemnation for the amount fixed by the commission.

"If the city fails to file suit to condemn, if such suit is necessary, or if it fails to proceed diligently to enforce rights conferred, then upon appropriate proceedings initiated by the utility and after a hearing by the commission, an order may be made vacating the findings of the commission.

"The city must pay any extra costs incurred by the commission in making its valuation. In this connection, however, there should be practically no expense, as the value of practically all of the physical

Plan for City Water Halts in Berkeley

Jane Urban has returned to her own home in Oakland. The charming actress, who long has been exceptionally popular with Oakland audiences, is making a limited engagement at the Macdonough theater this week in Kate Douglas Wiggin's and Rachel Crockett's delightful comedy-drama, "Mother Carey's Chickens." It was an auspicious homecoming, and as much of a triumph for the dainty star as her heart could have desired.

The crowded theater was a testament to her popularity, and the play which Mrs. Urban first created in wry form and which Rachel Crockett then adapted to the requirements of the stage.

Jane Urban scored heavily in the piece, exhibiting a sympathetic understanding of the role in which Mabel Tulliver so long attracted public attention. She has able support in Will Lloyd and the balance of a cast of about 20 people, including a number of juvenile artists from Oakland and San Francisco who make up the Carey brood.

Eugene Clifford, Ruth Ormsby, Helen Audford and the others made a distinction.

The play is to run the balance of the week, with matinee Wednesday and Saturday and will be followed next week by "The Girl in the Red Velvet Shoes."

Longlegs.—R. S.

GREAT LOVE IS ORPHAN MAGNET

D. W. Griffith's second big war production, "The Great Love," opened yesterday at the Orpheum upon its second week, seeming to have received the best of reviews and the best of hearty reception and the first Griffith picture of "over there."

The picture is a story of the work of England's women as a setting for another desiring love story, that of a young American, who is sent to the front lines to help the British forces, and his love story with a girl who is a nurse.

METHODISTS CONVENE HERE

The California Conference, to be held in the Methodist Church, at Berkeley, Sept. 3.—That prospective students may have an opportunity to finish their work on ranches, the University Farm School at Davis has postponed the opening date from September 13 to September 27. Entrance examinations for other than high school graduates have been set for September 23, and the following day for former students will be enforced. For the first time in the history of the school that institution this year will permit women to enroll for the full three-year course. Twenty-five women registered last year.

U. C. Farm School Opening Postponed

WOODLAND, Sept. 3.—That prospective students may have an opportunity to finish their work on ranches, the University Farm School at Davis has postponed the opening date from September 13 to September 27. Entrance examinations for other than high school graduates have been set for September 23, and the following day for former students will be enforced. For the first time in the history of the school that institution this year will permit women to enroll for the full three-year course. Twenty-five women registered last year.

Keep Your W. S. S. Pledge

Our boys are keeping their pledge to fight—keep yours to pay. It's not half as hard to do.

To the women who enjoy their home—whose real happiness is to make the home the best place on earth—for the whole family. To the interest of these women we dedicate the next four days as our Autumn

Home Furnishings Week

The home attractive can be obtained at little expense if you buy the things which make it attractive at this store—this week. Add to your own ability in obtaining pretty decorative effects with little effort, the possibilities of securing attractive materials at moderate prices and you'll quickly realize that this is indeed a week which means much to you.

NEW DRAPERY CRETONNES

—Home will be a cheerful place this winter if you choose cretonnes from our varied stocks of cheerful patterns—and moderately priced at yard 25c to \$1.25.

Curtain Materials

—The new fall line includes Serims, Madras, Arabian colors—these are settees and Sunfats in a big range of plain and fancy patterns and bordered effects. 25c to \$1.75

Bungalow Curtains

—A choice selection will be found in cream and Arabian colors—these are the popular square mesh—so widely used now—a pair. \$1.75

Plain Sunfast Drapery

—For Fall you'll find this section filled with all the new effects in the newest plain colors—the color assortment is extensive—each yard—\$1.75

Couch Covers

—Oriental colors and designs, together with conventional effects make up the ideas in the new couch covers. This quality is excellent and the colorings are very gorgeous—each. \$3.50

Bed Spreads

—These of white honcomb are an extra good quality—large size and firm weave to insure good service—the patterns are very pretty—each. \$2.95

Satin Marseilles Spreads

—The heavy quality—the handsome raised designs will add greatly to the appearance of any bedroom. They are extra large—and in many styles—each. \$3.95

Colored Bed Spreads

—These are very neat—the patterns are new and the colors—pink and blue—are soft, pretty shades—they're splendid spreads and should wear well, each. \$2.50

Double Bed Sheets

—\$1x90; all one piece. (four to a customer) \$1.59

More Rings at 25c

—We've just received another shipment of these beautiful rings, gold-filled, set with synthetic stones—they're wonders.

Leather Hand Bags \$1.95

—This lot is a special purchase, just arrived by express from New York—they're sample bags and short lots, procured at a price from a New York manufacturer way below their value.

More Velvet Bags Are in

—Still they keep coming—and we're glad of it for we're selling more than we ever expected. We know why, too—well, we'll tell you.

County Minute Men to Form Company

A company of Alameda County Minute Men will be organized at a meeting at Sixteenth and Jackson streets tonight. Men between the ages of 18 and 45 subject to call under the new draft law, who desire preliminary drilling which will help them to qualify later in the service as non-commissioned officers are invited to appear for enrollment. The organization will probably be known as Company F, as there are already five companies in existence—A in Albany and B, C, D and E in Berkeley.

Noted Speaker to Be Heard at Church

At Plymouth Church, Piedmont and Yosemite, this evening, at 8 o'clock, Prof. J. W. Blaisdell of Pomona College, recent member of the Japan Deputation, will deliver a lecture on "An Excursion into Inter-Racial Brotherhood." The public is invited.

Tab Vests

—These are the child welfare kind—made of fine wool and cotton mixed. A broken lot of sizes. Special at 75c

Infants' Short Dresses

—Made of fine nainsook and longcloth, trimmed with lace insertions, tucks and embroidery—ages 6 months to 3 years. They are slightly soiled from handling, but in love, hence this low price. \$1.48

Lawn Bonnets

—Plain and fancy styles—a big assortment—they're sold at a low price. 2 Price

Infants' Soft Sole Shoes

—Assorted sizes and colors. Special. 48c

Baby's Turkish Bibs

—BABY'S TURKISH BIBS. 19c

KNIT BOOTEES

—25c to 40c

CROCHETED SACQUES

—75c to \$1.50

HIBS—Fancy and Quilted

—35c

BATTLES—A big assortment

—19c, 25c, 35c

KID MOCCASINS—White or tan, ribbon trimmed

—85c

Double Bed Sheets

—\$1x90; all one piece. (four to a customer) \$1.59

More Rings at 25c

—We've just received another shipment of these beautiful rings, gold-filled, set with synthetic stones—they're wonders.

Leather Hand Bags \$1.95

—This lot is a special purchase, just arrived by express from New York—they're sample bags and short lots, procured at a price from a New York manufacturer way below their value.

More Velvet Bags Are in

—Still they keep coming—and we're glad of it for we're selling more than we ever expected. We know why, too—well, we'll tell you.

County Minute Men to Form Company

A company of Alameda County Minute Men will be organized at a meeting at Sixteenth and Jackson streets tonight. Men between the ages of 18 and 45 subject to call under the new draft law, who desire preliminary drilling which will help them to qualify later in the service as non-commissioned officers are invited to appear for enrollment. The organization will probably be known as Company F, as there are already five companies in existence—A in Albany and B, C, D and E in Berkeley.

Oakland Man Hurt When Hit by Auto

M. O. Overman of 733 Sixty-fifth street, this city, is suffering from a crushed hip and other injuries, the result of an accident yesterday near San Mateo. He was fixing a tire of his automobile when another machine, driven by Ralph Harris of San Francisco, crashed into him. He was removed to the Red Cross hospital, where his condition was pronounced serious.

Additional Oakland Physicians to Serve

The number of Oakland physicians who are being called into the service is daily increasing. Dr. Guy Litten-crantz is expected to be called early next month, and Dr. William S. Porter is likewise arranging his affairs in anticipation of the summons. Dr. John Louis Lohse is now on duty, assigned to Dallas, Texas. Dr. Arthur M. Smith has just left for Camp Kearney, where he is seeing active service.

SHORTAGE OF WATER STILL HITS OAKLAND

Parts of Oakland were again without water today, and the Eastbay Water Company is making strenuous efforts by shutting the supply off in some districts and building it up in others to make the amount sufficient to give each consumer some water each day. Parts of San Leandro and of East Oakland were the districts without supply.

The hillside district of Point Richmond has been without any water for four days, and this condition will probably continue for some days longer. There was a break in the reservoir, and all the water stored there was wasted. The company has been unable to renew the supply up to this time.

The shortage is continuing to occasion hardship despite the fact that the conservation order authorized by the State Railroad Commission has cut down consumption in the Eastbay communities approximately 2,000,000 gallons a day, reducing the consumption to that of normal before the increased demands due to the large number of industries which have increased their operations on this side of the bay, and the influx of population, this has grown to an average of over 21,000,000 a day. The conservation from water in those districts in which the supply has been entirely cut off, or has been intermittent, has reduced this to about 19,000,000 gallons or less.

Breakdown of a compressor, shortage of power, break in the Alvarado main, second-hand equipment that would not work, shortage of skilled labor and a host of other troubles are pleaded by water company officials, combined with the exceptional dryness of the past season, for the present condition.

Colored Soldiers Now at Camp Lewis

CAMP LEWIS, Tacoma, Wash., Sept. 3.—The 1200 colored soldiers from various states who arrived here recently in the draft with a high average physical rating are progressing very rapidly in drill, according to their officers.

Baseball teams have been organized and will meet other soldier organizations and from nearby cities. A jazz band is another of the things which the colored soldiers talked about. Because of the number of colored men now in camp a separate hostess house for the exclusive use of the colored soldiers and their friends has been set aside by the Y. W. C. A.

Palmer Will
Be Speaker at
Annual Dinner

Rev. Albert W. Palmer is coming from Camp Kearney, where he has been making a survey of camp conditions under the Young Men's Christian Association, to be a speaker at the annual dinner of the Associated Churches on Thursday evening in which the Alameda County Union of Social Agencies will join. Palmer was called from his pastorate in Honolulu to study the various army training camps in the State. His work will be completed with the late week when he will sail for Hawaii. In April his congregation is sending him to France for eight months to engage in Y. M. C. A. work.

At the dinner, which will bring together some 300 prominent men and women of the city Thursday night at Hotel Oakland, the former Oakland clergyman and park commissioner will speak on the theme, "The Social Reaction of the War." In appreciation of the work which Mrs. Duncan McDuffie has accomplished in social as well as war work, the hostesses are honoring her at the same time.

"Washington in War Time" will be described by the well-known local woman who with her husband has been associated with the Hoover food administration in the capital for some months.

What is doing
TO-NIGHT.

September 3—San Diego county, San Diego city 1 and 2; Orange 1 and 2; Riverside 1 and 2; San Bernardino 1 and 2; Humboldt, Los Angeles county; Pasadena 1 and 2; San Bernardino 1 and 2; Orange 1 and 2; San Diego county; San Diego city 1 and 2; all Alameda county; Berkeley city, Oakland city; Contra Costa county; Sacramento county; Sacramento city 1 and 2; Placer, El Dorado, Sierra, Nevada, Imperial, Inyo counties.

POLITICS PUT UNDER BAN OF RAILROAD MEN

Politics as it has been known for decades past has gone into limbo so far as the railroad men are concerned. No longer will they have anything to do with organization of parties in their respective districts or form be connected with political activities except to "nec" their ballot on election day. Any attempt to force or intimidate anyone in the matter of voting will result in summary dismissal from Uncle Sam's railway service. So says William F. McAdoo, federal director of railways.

Director McAdoo's ultimatum has hit West Oakland hard. Hereafter no railroad man may become a candidate for a political office unless he resigns his job. An exception is that he may be on a local school board or a local health board. He may also be a local health officer, attorney and employee.

Many railroad men whose activities "down at the point" in the past have been factors in municipal and county election campaigns must keep under cover from now on. In this connection Director McAdoo says:

"Let us demonstrate to the American people that under Federal control railroad officers, attorneys and employees cannot be made part of any political machine, nor be used for any organized partisan or selfish purpose. Let us set such a high standard of public duty and service that it will be worthy of general emulation."

Railroad men cannot do the following, according to Director McAdoo's order:

Be an officer or member of any political committee or organization that solicits funds for political purposes.

Be a delegate, chairman or an officer in any political convention. Solicit or receive funds for any political purpose or contribute to any political fund collected by an official or employee of any railroad or any official or employee of the United States or any State.

Assume the conduct of any political campaign.

CORPORAL BARTON WILLIAM MASTERSON, son of City Wharfinger William Masterston, and who was killed in action.

William Masterston was educated in Oakland, later taking a business course in the Polytechnic business college. His last letter, received by his mother on August 11, several days after he had been killed in action, told of the great battle in which his company had taken part on July 17, 18 and 19, and commented that "he guessed his time had not come yet." It was written from a rest billet behind the lines. His father believes that he must have been ordered immediately into action again. He then stated that he had slept the first time in 65 hours. "If I never come back," he wrote, "remember I am proud to be an American."

William Masterston, father of the Oakland hero, has for five years been city wharfinger, receiving his appointment from Harry Anderson when commissioner of public works. He has retained his post under Commissioner Morse.

EDWARD F. SILVA, son of the late Charles Silva and nephew of State Senator George Hans of the Sixth district, reported missing in action August 4 in the casualty lists arriving here, is safe, according to letters from the youth himself, dated August 4, or four days later, which reached his father, Mr. McNico, of 1646 Eighty-sixth avenue, today.

Young Silva is in a hospital, suffering from shell shock, but in his letter says that his condition is not serious.

"Was in several stunts," he writes, "but am not with the battery now. In fact, woke up in the hospital with a case of shell shock. I don't know drive stuff you hear about is the life. It's great, and I've had a wonderful time and wouldn't have missed it."

ALDRIDGE RECOVERING.

Corporal Aldridge, wounded in the Chateau-Thierry drive, is on the road to recovery, according to letters received by his parents, Mr. and Mrs. F. M. Aldridge, of 1931 Fifty-ninth street. Aldridge joined the national army October 3 and

WHARFINGER MASTERSON'S SON IS SLAIN

Corporal Barton William Masterston, son of City Wharfinger William Masterston, was killed in action sometime between August 1 and August 7, according to the official telegram which was received this morning at the family home, 2225 Twenty-fourth avenue.

Corporal Masterston was cashier in the tax collector's office of Alameda county for seven years. He resigned his position to enlist in October, 1917. He was with Company L, Thirty-ninth United States Infantry, and had seen considerable hard fighting since going abroad several months ago. He participated in the great Paris demonstration of July 4, being among the selected men to represent the United States. He had been promoted his position to the rank of sergeant within a brief time.

Masterston was educated in Oakland, later taking a business course in the Polytechnic business college. His last letter, received by his mother on August 11, several days after he had been killed in action, told of the great battle in which his company had taken part on July 17, 18 and 19, and commented that "he guessed his time had not come yet." It was written from a rest billet behind the lines. His father believes that he must have been ordered immediately into action again. He then stated that he had slept the first time in 65 hours. "If I never come back," he wrote, "remember I am proud to be an American."

"Was in several stunts," he writes, "but am not with the battery now. In fact, woke up in the hospital with a case of shell shock. I don't know drive stuff you hear about is the life. It's great, and I've had a wonderful time and wouldn't have missed it."

ALDRIDGE RECOVERING.

Corporal Aldridge, wounded in the Chateau-Thierry drive, is on the road to recovery, according to letters received by his parents, Mr. and Mrs. F. M. Aldridge, of 1931 Fifty-ninth street. Aldridge joined the national army October 3 and

was wounded on July 19. His letters say the wound is not serious.

There were seventeen California boys named in today's list of casualties, three of whom were killed in action and one died of wounds. Eight are reported severely wounded, two with wounds the degree of which are undetermined and three are missing in action.

These reported killed are Lieutenant Clifford C. Davidson, 1250 Larkin street, San Francisco; Private Dan H. Taple, 737 Crocker street, Los Angeles; and Private John Murray, 1045 Alabama street, San Francisco. Tony Morris, San Rafael, is reported as dead from wounds received in action.

BERKELEY MAN HURT.

Captain John T. Fisher, 1936 Berkeley way, Berkeley, is reported severely wounded, as are Private Harold M. Barden, 130 East avenue, Los Angeles; Warren A. Mucke, San Francisco; Frank N. McCoy, Sawtelle; Fred J. Nel, San Jose; Richard H. Potter, Santa Barbara; Leslie F. Swanson, Blue Lake, and Dominic Ferrero, Puente.

Reported missing in action are John Puccinelli, 2727 Franklin street, San Francisco; Thomas Segoria, Dixon, and Pietro Peralin, South City, San Mateo county.

Those whose wounds are of a degree undetermined are Captain Ross Snyder, 1220 Fifth avenue, Los Angeles, and Musician Edward John Hale, 1655 Masonic avenue, San Francisco.

Of 300 Caught in Raid 43 Are Held

Out of the 300 men held by the government following the "slacker" roundup at Neptune Beach last Sunday, forty-three men are still in custody, and the authorities believe that the majority of that number failed to register in the draft. Of the total, seven are Oaklanders, one from Alameda and the balance are residents of San Francisco. The slackers will be inducted into the army.

New Fire Motors Will Be Tried Out

Celebration of the motorization of the Melrose fire station equipment will be held this evening by the residents in the vicinity of the Foothill boulevard library near the fire house. Fire drills and speed tests of the new apparatus will be a feature of the affair.

Tired, Hungry Excuse of Man For Milking Cow

That he was tired and hungry after walking from Stockton was the excuse given by Manuel Gonsalves to Police Judge Mortimer Smith today in extenuation of his indulging in the liberty of milking a cow belonging to August Lukas of Elmhurst. A charge of petty larceny against the defendant was dismissed at the request of Lukas, who refused to prosecute. Judge Smith reprimanded Gonsalves and told him that he could find plenty of work to earn an honest quart of milk, and advised him to get busy. Gonsalves said that he had walked from Stockton and was tired and hungry when he went into the Lukas barnyard and commenced to extract the lactical fluid from the Lukas cow. Lukas caught and arrested the interloper.

WOMEN HEAR OF HOSPITAL TASKS

Allen R. Cullimore, chief of the educational service of the Letterman Hospital, San Francisco, spoke to the executive board of the Oakland Woman's Committee of the Council of Defense this morning on the rehabilitation of the soldier.

At present there are 1100 disabled soldiers in Letterman, only four of whom have seen service in France. Others are from the cantonments or the Orient.

Letterman divides the boys into three classes. First, those who will return to full military duty; second, those who will return to a limited military duty, behind the lines, and third, those who will return to civil life.

While the future soldier is convalescing he is taught anything which may make him a better citizen, history, English, whatever he may like.

The man who must be returned to civil life often is able to go on with his former trade or profession, only a few being so disabled as to need to be re-educated. To these special attention is given. From the first, something definite is given the boy to do, that he may feel that he is doing for his country, and that he is doing for himself.

While the future soldier is convalescing he is taught anything which may make him a better citizen, history, English, whatever he may like.

LOCAL RENTS NOT SCARING, SAY REALTORS

Dental that there is "rent profiteering" in Oakland was made today by the realty men of this city when a report that a probe was to be made into alleged abnormal increase in rentals of houses, flats and apartments by Andrew Steers, assistant coast manager for the United States housing commission at San Francisco. The realty men who are handling the leasing departments of the big downtown firms assert that a probe would be welcome. "The rent on the whole it will be found that prices for houses are not greater than they were in 1913-1914, but call attention to the fact that the intervening four years have tended to sink rents far below the normal."

ONLY REASONABLE PROFIT.

Even in view of the great mass of population which has come into the city for industrial purposes and the fact that dwelling places, they point out that property owners have not shown a disposition to exact a more than reasonable profit.

"Rents for modern, new bungalows have increased in price, but not shown a disposition to exact a more than reasonable profit."

"But it has been the fault of the renter rather than the owner. Large prices have been volunteered by those who are seeking to get into the newest houses. Look over our rental lists for the past five years and it will be seen that there has been no increase in rents."

"Rents for modern, new bungalows have increased in price, but not shown a disposition to exact a more than reasonable profit."

"But it has been the fault of the renter rather than the owner. Large prices have been volunteered by those who are seeking to get into the newest houses. Look over our rental lists for the past five years and it will be seen that there has been no increase in rents."

"The rent on the whole it will be found that prices for houses are not greater than they were in 1913-1914, but call attention to the fact that the intervening four years have tended to sink rents far below the normal."

ONLY REASONABLE PROFIT.

Even in view of the great mass of population which has come into the city for industrial purposes and the fact that dwelling places, they point out that property owners have not shown a disposition to exact a more than reasonable profit."
